SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In accordance with Applicant's duty of candor under 37 CFR §1.56 and in compliance with 37 CFR §1.97 and §1.98, Applicant submits the present Information Disclosure Statement and the attached Form PTO/SB/08B.

This Information Disclosure Statement is being filed after receipt of the first Office Action on the merits, but before the Notice of Allowance and before the payment of the issue fee. This Information Disclosure Statement constitutes a bona fide attempt to comply with 37 CFR §1.97 and §1.98.

As discussed in the concurrently filed Amendment, the enclosed is an *Operating, Maintenance, Safety and Parts Manual* for the Current Tools Model 8890 and Model 8090. It appears that this Manual relates to the advertisement which is the subject of the Information Disclosure Statement filed on September 7, 2005, which has not yet been considered by the Examiner, although Applicant has requested consideration of same as it was timely filed. Applicant's attorney, Linda Palomar, became aware of this Manual on June 13, 2005, during preparation of the response to the Office Action as a result of a search of the Internet. When the Information Disclosure Statement was filed on September 7, 2004, Applicant's attorneys attempted to locate a website for Current Tools, but it was "under construction" at that time.

Applicant does note that the first page of the manual lists "06/03 - REV. 0", but Applicant is unable confirm what this means.

Applicant states that no item of information contained in the Supplemental Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the Supplemental Information Disclosure Statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the Supplemental Information Disclosure Statement.

Applicants believe that a fee is not required for this submission. If the Commissioner believes that a fee is required, the Commissioner is authorized to such fee to Deposit Account No. 20-1495.

In accordance with 37 CFR §1.97, the presentation of this information shall not be construed as a representation that a search has been made or that no other material information as defined in 37 CFR §1.56 exists, or as an admission that the information cited in this statement is, or is considered to be, material to patentability as defined in 37 CFR §1.56.

Respectfully submitted,

Dated: June 14, 2005
